

27 MAR 1963

Honorable John C. Kunkel *card*
House of Representatives
Washington 25, D. C.

Dear Mr. Kunkel:

I wish to thank you for your letter of March 14, 1963 relating the beliefs of your constituent of Greek birth.

The presence of Russians on the island of Cuba and the movement of Russians and other persons to and from Cuba is, of course, a matter of the gravest concern and one which we and the other members of the intelligence community are following with the greatest care. The point raised by your constituent is well taken and has been considered.

Sincerely,

[Signed]

John A. McCone
